To whom it may concern,

It is with great enthusiasm that I am writing this letter of recommendation on behalf of Mr. William "Wade" Allen. I've had the pleasure of being Wade's Commercial Multi-Engine Instructor as well as his MEI Instructor at ATP Flight school's Daytona campus.

Wade has been an exceptional student. He is always on time, very self-motivated, and keeps a clean professional image. I have been very impressed with Wade's initiative and eagerness to learn and advance his career.

I highly recommend Wade without any reservation. He is an excellent pilot and would be a great asset to any organization.

Sincerely,

A handwritten signature in black ink, appearing to read 'MS', followed by a long horizontal line extending to the right.
